

Adaptive Employee Experience

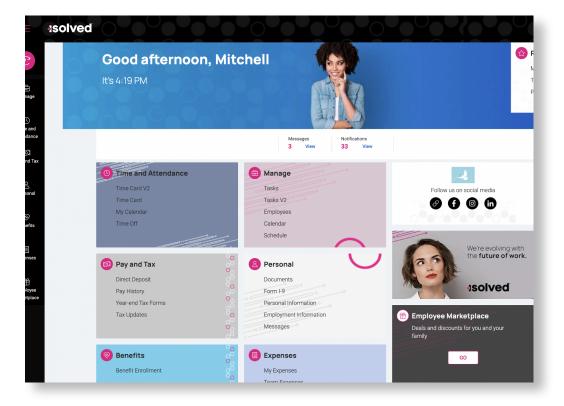

On-the-Go Availability for a Better Employee Experience

In today's rapidly evolving workplace, employee expectations include flexible, accessible experiences that align with their dynamic work styles, which poses a challenge for HR teams striving to connect with their dispersed workforce. To better engage employees and keep up with the pace of work, your clients need a solution that adapts to rapid change and meets their needs.

With the isolved Adaptive Employee Experience, your clients can offer your people seamless, secure, and self-service access to a modern human capital management (HCM) platform that effortlessly manages the entire employee journey and adapts to future needs. HR teams can feel empowered to focus on strategic initiatives while providing accessible solutions that align with evolving workplace dynamics.

Adaptive Employee Experience includes access to:

- Personal information and documents
- Real-time alerts and messages
- Benefits enrollment and elections summary
- Pay-related information, like pay history, direct deposit, and check preview
- Tax forms and updates
- Time tracking and labor allocation
- Time off requests and holidays
- Secure and compliant system of record
- Learning courses and certifications
- Performance reviews and goal setting
- Pulse surveys and knowledge sharing
- Integrated corporate giving and volunteering campaigns
- Interactive org chart viewing
- Expense management capabilities
- Employee Marketplace access
- Seamless onboarding experience
- A downloadable mobile app for even more convenience

Key Benefits

Provide a consistent and personalized experience that's simple to navigate and intuitive to use

Streamline critical HR functions, from tax documentation to expense submission, saving time and effort for more strategic initiatives

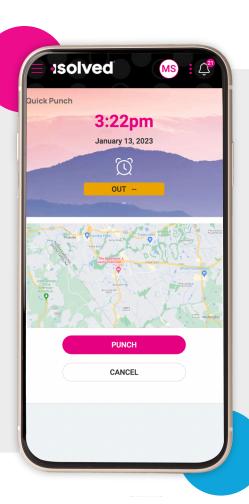

Leverage real-time alerts and notifications, boosting transparency and productivity

Empower employees with anytime access to all HR-related information via desktop or mobile device, including a downloadable mobile app

Ensure compliance with company and government regulations while adhering to accessibility standards like WCAG 2.2 AA.

Simplified HR Processes

Streamline critical HR functions, from tax documentation to expense submission, enabling employees and managers to complete these tasks efficiently. Your clients can leverage a paperless workflow and intuitive interface to shift their focus from administrative duties to driving their business forward.

Engaging Employee Experience

Ensure all employees have equal access to critical HR information, regardless of their work location or preferred device. Provide a consistent, personalized experience enriched by effective communication tools that foster connections and elevate morale, creating a more productive and rewarding work environment.

Quick, Secure Access

Leverage modern security features and a world-class technology infrastructure to provide a secure and reliable experience. Ensure all personal information remains secure, with multifactor authentication, such as a security key or Face ID.

Together let's unify and simplify your clients HR processes with the isolved Adaptive Employee Experience.
